Follow-Up Date: 2023-08-21

Comments: I was successful in obtaining a warrant from the Malmesbury magistrate court. I went to Plot D3, Silvertown Chatsworth to execute the warrant. Harry Marais the guy who also lives on the plot gave me access. Harry told me that the owner paid R300 into his account yesterday to go buy the pigs food. I asked Harry to show me the food. In a container I saw some left over food that they went and got from the Swartland public hospital. I told Harry that the food is not adequate and I specifically said on the warning that the food must be adequate. The pig pens is wet and dirty and hasn't been clean at all. The owner has not adhered to the warning and I executed my warrant and confiscated 1x adult sow and 5x 5month old piglets. The pigs was brought to the Swartland SPCA. Will follow up.
