General Report Comments: Patrick went to do a recheck and saw the 1x horse at 1422 Hopefield street. Patrick called me to say that the horse got some ticks on him. I went out and saw the 1x brown pony on the property. I called Yolanda and ask her about the wound on the horse back and if they have something for the ticks. Yolanda told me that she will get something for the ticks and some antiseptic wound spray for the wound. I issued a warning to treat the wound and to also get treatment for the external parasites on the horse. Will follow up.
