General Report Comments: I saw 1x brown terrier female with 7x 1 week old puppies lying inside the kennels. The female has some external parasites on her, Ms Beukes told me that they do have dip but is afraid to dip the dog because of the puppies. I told Ms Beukes to get the female dog a Nextgaud tablet for ticks and fleas and that the tablet is not harmful for the puppies. Ms Beukes told me that she will ask her mother to get the tablet when they go to Piketberg. Water and shelter is available. Will do a recheck.
