CONFINEMENT OF ANIMALS	Static Chain - adequate length	Property not fenced.

General Report Comments: Letitia went with me to Goergap farm where the owner Annelise Mouton gave us access to the farm workers houses to inspect the living conditions of the dogs. Annelise also told me that the farm aren't suppose to have any female dogs on the farm. Letitia and I went to the farm houses and the houses who had female dogs surrendered the dogs because of the rules they have on the farm. 6x female dogs and 4x female kittens was surrendered. On the farm Eselfontein most of the female dogs are sterilized except 2x female dogs who belongs to the owner Sakkie. The dogs on Eselfontein is good condition and is all roaming freely on the farm. One of the farm workers on Goergap farm asked if we can help her to get her dog Layla sterilized. Will recheck.
