CHECKLISTS

General Report Comments: We accompanied Law Enforcement officials Mr Cloete and Morrison to the address. There was no one at home but we could see over the wall. There were 4 German shepherds not tied up but with no shelter. There were food and water available. The body condition was acceptable. I issued warning nr W4551 for the owners to provide the animals with shelter within 5 days. Various neighbours came out and advised us that the dogs does not stay there permanently only some days while the owner is renovating his property. The house where they are kept now belongs to the mother of the owner of the dogs and he leaves the dogs there in the day while they are renovating. Law Enforcement issued a warning regarding the amount of animals on the property. They are only allowed 2 and also regarding the constant barking. I left the warning through the open window and the neighbour received the warning from the Law Enforcement and the neighbour said he will also tell the owner about the warning thrown through the window.
