General Report Comments: Re-check the owner was not there I tried to phone the owner his phone was of. The caretaker Mr Ferris allowed me onto the property . He said the owner was there last week and they dewormed all the horses with dectomax and past. There is enough horse feed and Otay bales but no lusern bales. I did see a dog called Snowy that was very underweight and looked sick with overgrown nails. I left a warning for the owner to buy lusern bales for the horses and he needs to take Snowy to the vet within 24 hours or he can sign the dog over to the Spca. Will Re-check
