General Report Comments: I saw 1x Brindle terrier x male and 1x black and white female terrier x on the property. The female has severe mange. I called and the owner John came out of the house. I asked John about the mange dog and he told me that the dog does not belong to him and that he is only feeding the dog. I asked John to load the dog into the bakkie as he also don't know who the dog belongs to. The Brindle terrier x male is in acceptable condition. Mange female dog was surrendered .
