CHECKLISTS

General Report Comments: I could not find the horse but I did find the owner of the horse Mr Hima, the owner told me that the horse was bitten by a dog 3 weeks ago and that he has been treating the horse's wounds with antiseptic wound spray. The horse was not on the property. I asked Mr Hima to go get the horse in the bush and that he must let me know when the horse is at his property so that I can see if the wounds are healing. Will do a recheck.
