General Report Comments: Nicka took me to the back of the property where I observed 1x tan female terrier x loose on the property. Water and shelter is available. The dog has mange. I asked Nicka if they are using some treatment for the mange and she said no her husband is going to put car oil on the dog. I told Nicka that they should not do that and that they must get a Bravecto or Nextgaurd from the vet for the mange. Nicka told me that they will get it over the weekend. I issued a warning to get the dog treatment for the mange. Will follow up.
