General Report Comments: I saw a black and white male dog with a bad skin problem. I spoke to the owner Christina and she said the dog is not on treatment. I told her that they must get treatment for the dog or sign the dog over to the SPCA. She said they will rather try treatment first. They will take the dog to the vet at the end of the month. I gave her a 14 day warning to treat the dog for the skin problem. I also gave a warning for shelter as the one that they have is not adequate.
