General Report Comments: Re-check the owner was not at home. The neighbor allowed me to check the dog's. She looked inside the house for dog food and also asked the children they said there was no food. The mother dog is underweight and the dogs are full of ticks and fleas. I left a warning for the owner to provide proper dog food and to clean the dog's from ticks and fleas. The dogs must be dewormed and the mother dog must pick up body condition. Will Re-check
