General Report Comments: Re-check Alvino said Donald was not there. He said that there was no dog food. The female dog in front was very hungry when I gave her some dog food she ate it all. I then saw that there was a puppy as well. I gave the puppy some food and he was also very hungry. I left another warning for the owner to provide the dog's with proper dog food. The dog's must be dewormed within 4 days. I told Alvino if they can't afford to look after the dog's they can sign them over to the Spca
