General Report Comments: Both dogs were successfully sterilized and Dr Jen advised me that she was going to keep the male Pitbul named Keeper. She informed me that the dog has tickbite fever and was bleeding continously. She informed me that I must let the owner know that they can fetch the dog on the 12th of August 2023 and they must pay additional R400 for the treatment. I took the female dog home

ACTIONS

NO ACTION REQUIRED
