General Report Comments: I went to the farm. The people living in the main house said that the owner of the farm asked them to move in because his ex girlfriend is not looking after the place. They moved in with their pitbull dog. The one that bit the jack Russell. I saw the Jack Russell and it had a small open wound that had ointment on it. It was only the skin that was damaged. They claimed the owner of the jack Russell when she leaves she puts the jack Russell in their enclosed yard. I spoke to Tracey she said no she not put the dog there. She told the complainant that she is thinking of surrendering the Jack-Russell to the spca. Will Re-check
