CONFINEMENT OF ANIMALS	Static Chain - inadequate length ** Property not fenced

General Report Comments: I responded to complain about the dog on a short chain and I found that the chain is long is just the chain is tangled and I gave her a notice to comply to put a running chain because the property is not fenced and they can't let the dog free because they are staying close to the busy road and they are scared that the dog will be bumped by cars. Water and shelter was observed and the body condition of the dog is acceptable will recheck after 3 days. The neighbors has promised that they will help to put the running chain.
