General Report Comments: Mavis called the Spca to say that her female pitbulls private parts are standing out. I went to do an inspection and saw that the pitbull female is starting to get a prolapse. I told Mavis that the only way to fix this is to get the dog sterilized. Mavis told me that she does not have money right now and will only get paid on the 25th of this month. I talked to our manager to get the dog sterilized,booking was made at the village vet for sterilization on Monday. Will follow up.
