General Report Comments: I saw 1x brown terrier x male on a running chain but the chain was tangled at the one end of the running chain. I talked to the owner Isak and told that he must get a swivel to put on the end of the chain so that the chain won't tangle. Trompie the terrier x male is in acceptable condition. Water, food and shelter is available. I issued a warning to get a swivel for the chain so that it would not tangle. Will recheck.
