General Report Comments: I went back to House number 17 and 19 Lunar street. At number 17 I met Haron Nagel and he informed me that his female Pitbul white in color was the one that was involved in a fight with Evert's dog. Haron's dog wasn't injured in the fight but the dog has a skin problem that is in it's early stages. Haron informed me that the dog is on treatment and I asked him to show me the medication but the doors were locked as he claimed that his mother was not at home. I advised him that I would like to see the medication on my next visit. There is three dogs on the property and the two are in a fair and acceptable body condition. On the previous inspection that I did Evert informed me that his injured dog named Spootnik is on medication and he showed me the tablets. The dog's injured leg is not life threatening and I gave him till Wednesday to surrender the dog or seek vet treatment if the tablets are not working. He informed me that Kim was at his house to see the dog.
