Comments:	CALL RECEIVED from the owner: Oscar, +27783418990 Oscar advised that his dog was stolen and that he recovered his dog from Diazville. When he got his dog back the dog was in an emaciated condition, about a month ago. He took the dog to Wespin Animal Hospital, Dr. Maryke. The dog was dewormed and received some vitamin/immune boosters. The dog is fed 2x day, when he is not at home he arranges with 2 ladies to come and feed the dog. According to him the dog has gained weight since the dog is back. We arranged that I follow up in 3-4 weeks time to verify the continuous weight gaining. I called Wespin Animal Clinic to confirm, this was confirmed as they have the owner on record and could confirm the dog coming in for consultation. I will recheck on the weight in a few weeks time
