Follow-Up Date:	2024-10-18
Comments:	I received a call from Dr Cowan. I shared my findings with her and she was please that the wounds are better, and advised that there is no need for the dog to go back to her for a follow up. She advised that the owner must just clean the wounds with salt water and keep it clean. Dr Cowan is of the opinion that the wounds will close completely and heal well within the next 5-7 days.
Captured By:	I will go to the property tomorrow and advise the owner of such. CARINA BODENSTEIN 2024-10-05 16:48
