Comments:	I went to do a recheck on the 2x horses in Malmesbury that has been stolen over the weekend. I arrived at the owners home but there were no people at home. I contacted Hendrik and he told me that he is at work and told me where I could find the horses. Hendrik contacted one of his friends who is looking after the horses to go show me where the horses are,I met Hendriks friends at the location he provided. I could see the horses grazing on a open piece of land. We walked towards the horses but they ran away. We crossed a stream but the horses just kept on galloping to the direction of Abbotsdale . I asked Hendriks to keep the horses down at the stables when they are going to fetch them later and that I will come back tomorrow to check up on them. Will follow up.
