Comments:	I contacted Zelda regarding the grey mare. Zelda confirmed that she was there over the weekend and gave the mare some antibiotics and painkillers. Zelda said that she is very pleased with the progress of the horse and also told me that the mare is now putting weight on the leg with the wound and that the swelling is almost gone. Zelda told me that she will be going there in the week again to check up on the mare. I asked Zelda to contact me when she plans on going so that I can meet her there. Will follow up.
