

INSPECTOR NOTE

Building:	LAYWELL CHICKEN FARM
Street:	BETWEEN VREDENBURG AND VELDDRIF
Suburb:	
Postal Code:	
Date:	2024-11-12
Time:	11:24
Inspector:	CARINA BODENSTEIN

Type:	CALL RECORD - MADE
Follow-Up Date:	2024-11-13
Comments:	I called the complainant to find out about the exact location of where the chickens are loaded and during what times. Complainant advised that the chickens are loaded from 07h30 and that it is done just as you enter the premises. She indicated that it is end of lay chickens. I asked regarding the living condition complaint and her complaint is not validated as she did not observe the chickens inside the facility and her complaint is more about the poultry industry as a whole, and her opinion and thoughts about how chickens are kept. I will go past tomorrow morning and see if I can observe the loading of the chickens. I wont be able to conduct a facility inspection, due to biosecurity protocols, this week as I was in close contact with birds, and poultry this morning. I will schedule a facility inspection for next week.
