Type:	CALL RECORD - MADE
Follow-Up Date:	2024-08-19
Comments:	I called Principal Veterinarian Dr Annelie Cloete from the State Veterinary Practices and discussed the matter with her. She advised that unless they close of the section where the animals are, so that the public has no access to the animal they wont need a PAPA, but if they dont want to do that and the public still has access to the animals, they would need to apply for a PAPA. Dr. Cloete further advised that I can forward all the necessary documents to them and give them time to complete. I will call Isabel from Plaasmol and advise her accordingly
