General Report Comments: Jaco Lewis the owner of the 2x dogs on the property gave me access. I addressed the issue about the skin problem that Max the GSD x has and Jaco told me that he has been treating the skin condition since the first time Inspector Fortuin did an inspection at the Redbox Cafe where the dogs was before the moved here. Jaco then went inside and came out with Ectodex that he is using on Max for the skin condition. The pitbull x female is in acceptable condition. I could clearly see that the Ectodex that Jaco is using on Max is working because the hair on Max back has grown back but it's shorter then his normal coat which means that it was on the back where skin problem has started. Jaco also told me that he gave both dogs a Nextgaud but did not have any proof because he has thrown away the package. Both dogs body conditions is acceptable. Water,food and shelter is available. Will do a recheck after 2x weeks to check how the skin problem is doing.
