General Report Comments: On arrival I saw some ducklings next to the road. The ducks do have water but there is a need for a pond for the ducks to swim as a form of enrichment. I observed shelter too for all the animals on the property. Mathew does have a plastic pond which he told me that he will use for the ducks. Mathew had to put the dog inside the house as he told me that he is going to bite me. I issued a Notice to comply advising Mathew to provide a pond for the ducks and to secure the enclosure for the ducks so that they don't end up in the public road.
