General Report Comments: The owner of the dog Buyile was not at home but his girlfriend Anthea gave me access to the property. I asked Anthea if Buyile has provided the dog with veterinary treatment and she said no . The dog has water and shelter available but still hasn't received any treatment for the mange. I issued a warning to get the dog to vet within 72hours. Will follow up.

**ACTIONS**

Warning Issued W5691
