General Report Comments: Janine Du Toit who is the owner of the dogs in question gave me access to the property . I saw 2x terrier x dogs loose on the property and 1x pitbull male on a almost 8meter long chain with a collar. The dogs body conditions is acceptable and fresh water was also observed. Janine told me that the pitbull is on a chain because he is aggressive towards people and the other reason is because his property is not fenced. Janine then went to show me the dogs food and told me that he is feeding his dogs everyday and he then asked me if his dogs looks underweight. No welfare concerns was observed. I called the complainant and told her that the dogs is in acceptable conditions and that the Spca can do nothing about the barking of the dogs and that she should inform Law enforcement about the barking of the dogs. Nfa until further notice.
