CONFINEMENT OF ANIMALS	Free roaming - property not adequ	

General Report Comments: Charles Loock the owner went to show me the dog Meisiekind where she was lying next to the house in the shade. I saw 1x brown pitbull x female. The dog has mange. I asked Charles what he is using for the mange and he told me that he is using Blom van swael. I explained to Charles that there is no scientific evidence that these home remedies that they are using for mange is working. Water and shelter is observed. Charles understood and I issued a warning to get the dog a Nextgaurd or Simparica tablet to treat the mange. Charles said that he will have money on Friday and then he will buy the tablet. Will recheck on Friday.

ACTIONS

Warning Issued W5697

REPORT OUTCOMES
