General Report Comments: I did a recheck today and I found that the dog is getting better than before. I arrived at the property and Mr Mr Charlie welcomed me to the property and I saw the dog and the hair is coming slowly. I also encouraged him to always close the gate and to keep the dog inside the property because she might still get the mange back. Water and shelter was observed and the body condition of the dog is getting better than before will keep an eye on the dog NFA.
