General Report Comments: Upon arrival, it appeared as if no one was home as no one responded to my calls.

I observed 4x Weimeraners that were free roaming inside the property . I could clearly see 2x being underweight and the one has a skin condition as he has severe hairloss on his back and was scratching profusely.

As per Field Officer Chiwawa's notes, the owner is only home late during the day. I will call the owner tomorrow and try to make arrangements for Thursday evening as I will pass the area late after dropping off a staff member in Malmesbury.
