General Report Comments: Shirley let me inside her house and took me to the living room where I saw Shirley the 10 year old Capuchin monkey roaming freely inside the living room. Shirley told me that she had the monkey from a couple of months old. The monkey is in good condition and she is not being kept in a cage. The monkey also has food and water available. I'm going to refer the case to Cape Nature because Natasha does not have a permit for the monkey. Nfa until further notice.
