General Report Comments: I saw 1x brown terrier x male roaming in the street. Upon closer inspection I could see that the dog has a injury to his neck which looks to me like it was caused by a chain,due to not providing the dog with a collar. I then asked the people in the street who the dog belongs to and they told me that the belongs to the people at number 31 Whipping street,Saldanha. I went to the house but there was no people. I issued a warning to provide the dog with veterinary care within 24 hours. I left the warning with the neighbors to give to the owner. Will follow up.
