General Report Comments: Upon arrival, it appeared as if no one was home. I called Nonisa, but her phone went to Voice mail.

I only saw 2x dogs on the property. They have been placed on runners, however with no swivels and the chains are twirling. The 2x dogs are the xbreed that is kept at the front door and the tan/white dog that was previously chained to the tree on the side of the house.

I cant verify where the other 2x dogs are currently.

I will come back later in the week, in the hopes of finding Nonisa home to explain they need to install swivels.

There is currently compliance, and progress.
