General Report Comments: When I arrived I saw a lot of dogs. There were 32 dogs. 2 of them were Pitbulls. The 1 Pitbull is in a separate camp and Chinelle said that that is not her dog. The dog in the camp does not like other dogs. We went inside the house as all the dogs lives inside and they all had access to food and water. The body condition were acceptable. As I was about to leave the dogs were barking and 1 of the dogs run into the pitbulls camp. The pitbull tried to bite the other dog but luckily they got the dog out. Chinelle said the dog is not hers and the owner of the dog did not want to keep the dog as it is aggressive and she said the owner will come fetch the dog. I will go there again tomorrow to try and convince her to rather surrender the pitbull to the SPCA as the owner did not want the dog and that is why he gave it to her.
