General Report Comments: Upon arrival, I was met and granted access to the property by a lady identified as Ms. Vermeulen ("Vermeulen"), who resides on the property as well.

Vermeulen accompanied me to the back of the main house where a wendy house is located . The wendy is completely shut and has no access point but a main door that is locked with a chain and a padlock.

There are a few holes in the wooden planks of the wendy and I managed to look through, where I observed the 1x pitbull confined inside the house.

I could not see any food or water. There was 2x large 5L plastic containers on the floor, but they are tioped over and appear empty.

I can not verify if the dog has access to water.

The inside is scattered with feaces and has a foul smell.

Vermeulen obtained the owners contact details for me, MR. BRAD DANIELS. 0634776335

According to Vermeulen, the owner was last at the property monday evening. He apparently works in Cape Town and leaves the dog unattended for days, with no one to look after the dog.

I will contact the owner and find out from him what is going on.
