General Report Comments: I saw 1x black terrier x female that is pregnant. The owner Clarissa told me that Blackie has been giving birth since last night and has only gave birth to 1x still born puppy. I told Clarissa that I think the other puppies might be dead inside of her that's why she can't bring them forward. I gave Clarissa 2x options
1. To take Blackie to the vet so that they can perform a C-section to take out the dead puppies.
2. To surrender Blackie if they don't have money for the vet otherwise Blackie will die.
Clarissa chose option 2 because she does not have money for a vet. Refer to admission D5661. No other animals on the property. Nfa until further notice.
