General Report Comments: Someone has told me that Pablo the pitbull has been in a fight with another dog and that he has a open wound on his front leg. I told this person that I was there a week ago and Pablo looked fine to me,this person knows that I've been checking up on Pablo that's why it was brought to my attention. I went to the property and saw Pablo with a wound on his front leg and he lost some weight. Pablo is still on a long chain with a collar. Water and shelter was observed. I issued a warning to provide Pablo with veterinary treatment within 48 hours. Will follow up.
