General Report Comments: I saw 1x tan German shepherd x male on a shot chai without a collar, a young man called Wellen came out and told me that his mother Sofia Arendse is the owner of the dog. I asked Wellen why the dog is chained and he told me it's because their property is not fully enclosed. Water was observed and the dogs body condition is acceptable. The dogs shelter are also not adequate. I issued a warning to provide the dog with adequate shelter, a collar and to install a running chain. Will follow up.
