General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Jeanine Lucas.

I observed 1x dog and 3x cats that live in/outdoors as the back sliding door and windows are open at all times.

The owner confirmed that they went away for the weeked, they departed on Friday and returned on Monday. They asked a house friend to come and feed 2x day which was done as they received photos on a daily basis.

The owner advised that they dog barks and howls excessively when they are not home as the dog is used to her being at home as she works from home. When they do go away the dog is kept at the back side of the property which is a large grass area with a closed off patio .

I did not observe any contraventions in terms of the APA during the time of my inspection and I am confident that the dog was/is not abandoned.

No further intervention is required. NFA
