General Report Comments: Upon arrival, I was met by James who is a family friend visiting.

I went to the dog, who is kept on the right side, next to the house.

The dog's skin appears to be healing well with good hair growth. The ears is also healing well, as there is only crusts.

James was busy cleaning up the feaces.

The dog is healing well, however, I will do a fee more checks to ensure he does not lapse back to a poor condition.
