CHECKLISTS

General Report Comments: Mrs. Smith let me on the property. I told Mrs. Smith that the Spca has received a complaint about a boerboel male that is being abused. Mrs. Smith could not believe what's she is hearing and told me that they would never abuse their dog. The dog Zeus were at the vet for an eye injury and somehow he managed to get the cone of his neck and the stitches came out,she admitted that she struggled with the dog this morning and shouted at,she thinks that might be the reason the neighbors are thinking that they are abusing the dog. Water,food and shelter was observed at the property. Mrs. Smith told me that they took Zeus back to Bergzicht animal hospital where he underwent another operation to the eye and is still at the animal hospital. I contacted Bergzicht animal hospital and they have confirmed that Zeus is still under their care. Nfa until further notice.
