General Report Comments: Water, food and shelter observed. I didn't observe any sick animals. The shade meant for the Emos is big enough for the two Emos. I didn't see the sheep as they were out grazing. The two pigs hooves are overgrown and needs to be trimmed and I issued a Notice to comply. Regarding the shearing of the sheep, farmers don't shear the sheep in summer despite the fact that I didn't see the sheep. The water bowls and the cages are clean and there is some enrichments in all the cages.
