General Report Comments: Christelle gave me access to the property. I went to the back to check on the animals and saw that the enclosures are clean. Animals has fresh water and food available. No sick,injured or dead animals was observed. I went back to Christelle and asked her if they had applied for the PAPA licence and Christelle said they are thinking off getting rid of the animals because her father believes that he does not need a PAPA licence because the animals belongs to him . I talked to Inspector Bodenstein about this case and she asked that the case should be put back in her name so that she can speak with the state vet about this case. Will follow up.
