General Report Comments: I saw 1x brown and white terrier x female on a long chain but the dog did not have a collar around her neck,she only has the bare chain around her neck. Water and shelter is available and her body condition is acceptable. I educated the owner Sophia on the dangers the bare chain around the dogs neck holds and why it is important to provide her with a collar. I issued a warning for the dog to get a collar. Will follow up.
