General Report Comments: On arrival Mr. Thulani who is the owner let me on the property. I observed 2x Labrador x dogs loose on the property. Water, food and shelter is available. Mr. Thulani told me that the 2x dogs was tied because they were fixing a opening in the fence where the dogs got out, but it has now been fixed that's why the dogs are loose. Both dogs body conditions is acceptable. I educated the owner on how to chain a dog if the dog needs to be chained and he understood. Nfa until further notice.
