General Report Comments: There was no people at home and before I arrived the members of the community threw stones at the Rottweiler dogs that were attacking the GSD and some managed to jump into the property and removed the injured dog from the property. When I arrived the dog was lying in the street with a lot of people standing in front of the property. The dog was badly injured and I had to pick him up and load him into the SPCA bakkie. The attacked dog is a male unsterilized GSD. I brought the dog to the SPCA kennels in Darling. The body condition of the remaining dogs is fair and acceptable . I left a Notice to comply
