General Report Comments: The adult dog and the puppy are running loose. The puppy is sleeping inside the house and the adult dog is sleeping outside in the open space. William informed me that he is scared the dog will be run over by cars because she always follows William's cousin who is on drugs. I observed water and food. The body condition of both dogs is fair and acceptable. I issued a Notice to comply advising William to provide shelter for the adult dog. As I was about to leave William stopped me and informed me that I can take both dogs. He surrendered both dogs and there is no animals left on the property
