General Report Comments: Upon arrival, I was met and granted access by the owner, Catherine.

She took me to the dog, where I observed the dog laying in his kennel. The dog had a large lateral laceration on the joint above the paw. The laceration is about 4cm long and 3cm open.

The owner's son did take the dog to Wesland Animal Hospital, but they could not pay the consultation fee and left. They applied oitment and put a self made bandage on for the dog.

The dog's leg was severely swollen and the dog requires antibiotics and stitches. I asked the owner if she will be able to take him before 13h00 on Friday to the vet, she said she wont be able to as she dont have money. I then convinced her to surrender the dog and requested humane euthanasia.

The dog was signed over, ADM: D7359

There are no other animals on the property.
