General Report Comments: The black female pitbull x was not in the front of the yard where I saw her a few days ago. There was no people at home so I walked to the side of the house to see if the owner have maybe moved her,I only saw the black pitbull x male on a long static chain with a collar. Water and shelter was observed and the dognis in acceptable condition. I don't know where the black female pitbull x is and the owner also did not call me regarding the dog. Will do a recheck to see if the dog is back on the property.
